Kanpur, Uttar Pradesh | jagrati061105@gmail.com | linkedin.com/in/jagrati-singh0611

PROFILE

MCA student at Harcourt Butler Technical University with an interest in software development and Java backend engineering. Focused on strengthening Java fundamentals, object-oriented programming, SQL/MySQL, problem-solving, and practical project development.

EDUCATION

Master of Computer Applications (MCA) 2025–2027

Harcourt Butler Technical University, Kanpur **CGPA: 8.15**

Bachelor of Computer Applications (BCA)

CGPA: 8.13

TECHNICAL SKILLS & LEARNING AREAS

Programming: Java fundamentals, OOP concepts, DSA practice
Database: SQL fundamentals, MySQL
Tools: Git, GitHub, VS Code, IntelliJ IDEA
Web: HTML/CSS learning

PROJECTS

Online Book Store — status and contributions to be confirmed
Add the exact features you personally implemented, database details, technologies used, and repository link before applying. Keep this only if it reflects your real work.

Placement Preparation Quiz — project idea
Concept for a quiz platform to practise aptitude and technical questions. This is labelled as an idea, not a completed project.

STRENGTHS

Curiosity-driven learning • Consistent practice • Willingness to learn from feedback

Before applying: Confirm dates, degree CGPAs, skill levels, and project details. Remove anything that does not accurately describe your experience.
